

Send Help!

Athiya Deviyani, Celina Dong Ye, Muyao Hu

Introduction

With banks as the foreign currency provider:

- 70%: charged 0.5% or more for each foreign currency transaction
- 21%: charged between 1% and 2% for each foreign currency transaction

Charge increases for charities

- due to the volatility of such currencies
- due to the fact that they are typically traded at lower volumes, so spread is widened

A screenshot of a web browser window showing a donation form. The title bar reads "judicious-soy-1.glitch.me". The main content is a "Donation Form" with three input fields: "ID*" (TransferWise ID), "Currency**" (GBP), and "Amount" (5.00). Below the form are two explanatory notes and a "Submit" button.
